

ViYu Hosted Exchange Services -

Set Yourself Free!

For just a few dollars a day you can seamlessly access and synchronize all your mailbox data, including contacts and calendar, across a variety of platforms and mobile devices.

Total Mobility!

If you typically use Microsoft Outlook 2003 while in the office, a BlackBerry or Treo handheld while on the road, and Outlook Web Access or Outlook Anywhere from home, you can sync them all together. That's all without ever worrying about missed e-mails, contacts or appointments.

Complete Mobile Access:

- Work anytime, anywhere — Get full access to all your e-mail folders, contacts, calendar and files from any Microsoft Outlook or browser.
- Keep up to date — Changes made to your e-mails, contacts, calendar and files are automatically updated when accessed via any other medium.
- Mobile access — Carry your contacts, calendar, notes and task list on the road in your PDA or Smart Phone, whether it's a BlackBerry, iPhone, Compaq, Dell, Handspring or Palm, etc.
- Work offline — Exchange e-mail, change contacts, schedule meetings and modify files from public folders while disconnected from the internet or offsite. Outlook keeps an offline copy of it all, and all offline-mode changes are synchronized.

Increase Your Productivity:

- Hosted Microsoft Exchange Server 2003, and 2007, offers all the features and functionality of the popular application in addition to an intuitive collaboration capability for improved productivity with anywhere, anytime access.

Maintain Data Security:

- Be secure with an enterprise-managed firewall, which includes packet inspection and intrusion detection and 99.9% up time.

BlackBerry Enterprise Server:

- Two-way wireless synchronization.
- Anytime, anywhere access to all your e-mail folders, files, contacts and calendar and view attachments directly from a handheld device.

Efficient Messaging Server:

- Complete, real-time wireless synchronization, without the use of a cradle wirelessly synchronize your e-mail, calendar, contacts, notes, tasks, public folders, access to your Global Address List (GAL).

Save Money:

- No hardware, software, licenses or backup solution or tapes to purchase or maintain!
